Today's Schedule Event type colors

This is your list of Events for the day, listed from earliest to latest. A yellow arrow is placed in the list showing the current time.

Each Event type in the list has a different color and behavior:

- **Calendar Events** are blue. Pressing this row will show the Event Details dialog.
- **Medications** are light blue. Pressing this row will show the [Medication](#) page.
- **Inactive ToDo Items** (ToDos that are not currently due) are dark gray. Pressing this row will show the Event Details dialog. Pressing the small box on the row will check the ToDo Item off, marking it as completed.
- **Active Unchecked ToDo Items** are orange. Pressing this row will show the Event Details dialog.
- **Completed ToDo Items** are dark gray and crossed out. Pressing this row will show the Event Details dialog.
- **Holidays** are blue-green and always show up on top.
